Dear Sir,

We would like to request the City of Lawrence install at least one 15 minute parking meter in the 1100 block of Massachusetts on the West side of the street. We suggest mid block in front of Curry in a Hurry at 1111 Massachusetts street would be a reasonable location for it. We appreciate your time on this matter.

Thank you,

Sammi Sangam

I have no objection to this provided the installation falls into normal items to consider by Traffic Dept.
