RE: Site Plan SP-46-10 1516 W Sixth Street

In November 2010, we obtained site plan approval for a project we were planning to start immediately. Unfortunately at about that time economic conditions changed dramatically in our industry and our revenues did not allow us to proceed.

We do still believe the project is viable when economic conditions allow. We would like to apply for a time extension to complete this project.

Respectfully,

Roy Lewis
