Re: SL #37 2100 E 15th
Work Request # 040308 & 041935

Westar Energy has been requested to perform work as described below.

Provide 277/480 3-phase power to SL# 37

The estimated cost of the above work is \$17,029.81

Return one copy of this letter with a signature authorizing the company to proceed with the work and a check for the cost shown above. After the work is complete, Westar Energy will either refund or collect the actual cost of the job from the estimated amount above. Thank you.

Sincerely,

Tim Brunner
Senior Technical Specialist-Design
