

October 30, 2012

Ms. Diane Stoddard  
Assistant City Administrator  
6 East 6<sup>th</sup> Street  
Lawrence, KS 66044

RE:

Dear Diane:

This letter is in response to your letter dated October 26, 2012. We acknowledge that there is the possible presence of possible unmarked graves being located on the site. As you know, we were made of this issue in March this year and have planned to respond to the issue at the appropriate stage of our development, if necessary approvals were obtained. We are planning to conduct some limited testing of the site with supervision being provided by the Office of the State Archeologist of the Kansas Historical Society.

We intend to follow the rules identified in your letter with respect to procedures to be followed in the event that any such remains are located on the site. Finally, we will share this information with our contractor and subcontractors to make sure that such persons are aware of the possible existence of human remains on the site. We understand that excavation work must cease immediately if any such items are located during construction.

We look forward to working with you in the near future. Please let us know if there is anything else that you will need from us from regarding this matter.

Sincerely,

William N. Fleming, General Counsel  
Treanor Architects, P.A.
