RE: 2012 CDBG/HOME Program Activities

Community Development Division staff of the Development Services Division administer many programs that are funded with Community Development Block Grant (CDBG) and HOME Investment Partnerships Program (HOME) funds. The attached table illustrates these activities and their impact on the community. Comprehensive Rehab, Emergency and Furnace Loans, Clearance & Demolition and Weatherization are all programs that help low and moderate income homeowners repair and maintain their homes. CDD staff work energetically to help these homeowners with their housing maintenance issues.

Staff also partners with Tenants to Homeowners, Inc., who is the City's identified affordable housing provider or Community Housing Development Organization (CHDO). TTH provides administration, outreach and education for the First Time Homebuyer Program, the Lawrence Community Housing Trust. The City provides down payment, closing costs, and/or rehabilitation for persons qualifying for the program. TTH also develops and builds Energy Star Homes for the Housing Trust Program.

Low/Mod Areas are areas where 51% of the households are below 80% area median income, according to Federal Block Group/Census Tract data, generally east of Iowa Street. At Large Neighborhoods are the remaining parts of the city, generally west of Iowa Street.

The following programs are for existing owner/occupants:

Comprehensive Rehab (CDBG-funded) is the repair of all major plumbing, electrical, heating, exterior, etc. systems of a home. There is a maximum assistance of \$25,000.00 to meet the program's Property Rehab Standards and extend the life of the home.

Clearance and Demolition (CDBG-funded) is the removal of a hazard on a property. This could be dead, dying, dangerous trees or the removal of an out-building.

Emergency Loans (CDBG- Funded) are assistance for repairs of up to \$5,000.00 to a single system of the home, i.e. Roof, sewer line, water line, foundation repair. For Mobile Homes this limit is \$2,500.00 for the replacement of a furnace system or other major repair.

Furnace Loans (CDBG-Funded) are the replacement of the heating/cooling appliance in a home up to \$5,000.00. This could include the addition of duct work to improve comfort and efficiency.

Weatherization (CDBG-Funded) is the addition for attic insulation to equal R-38, addition of storm windows, and/or weather-stripping of entry doors as needed. This generally averages \$1,200.00 per home.

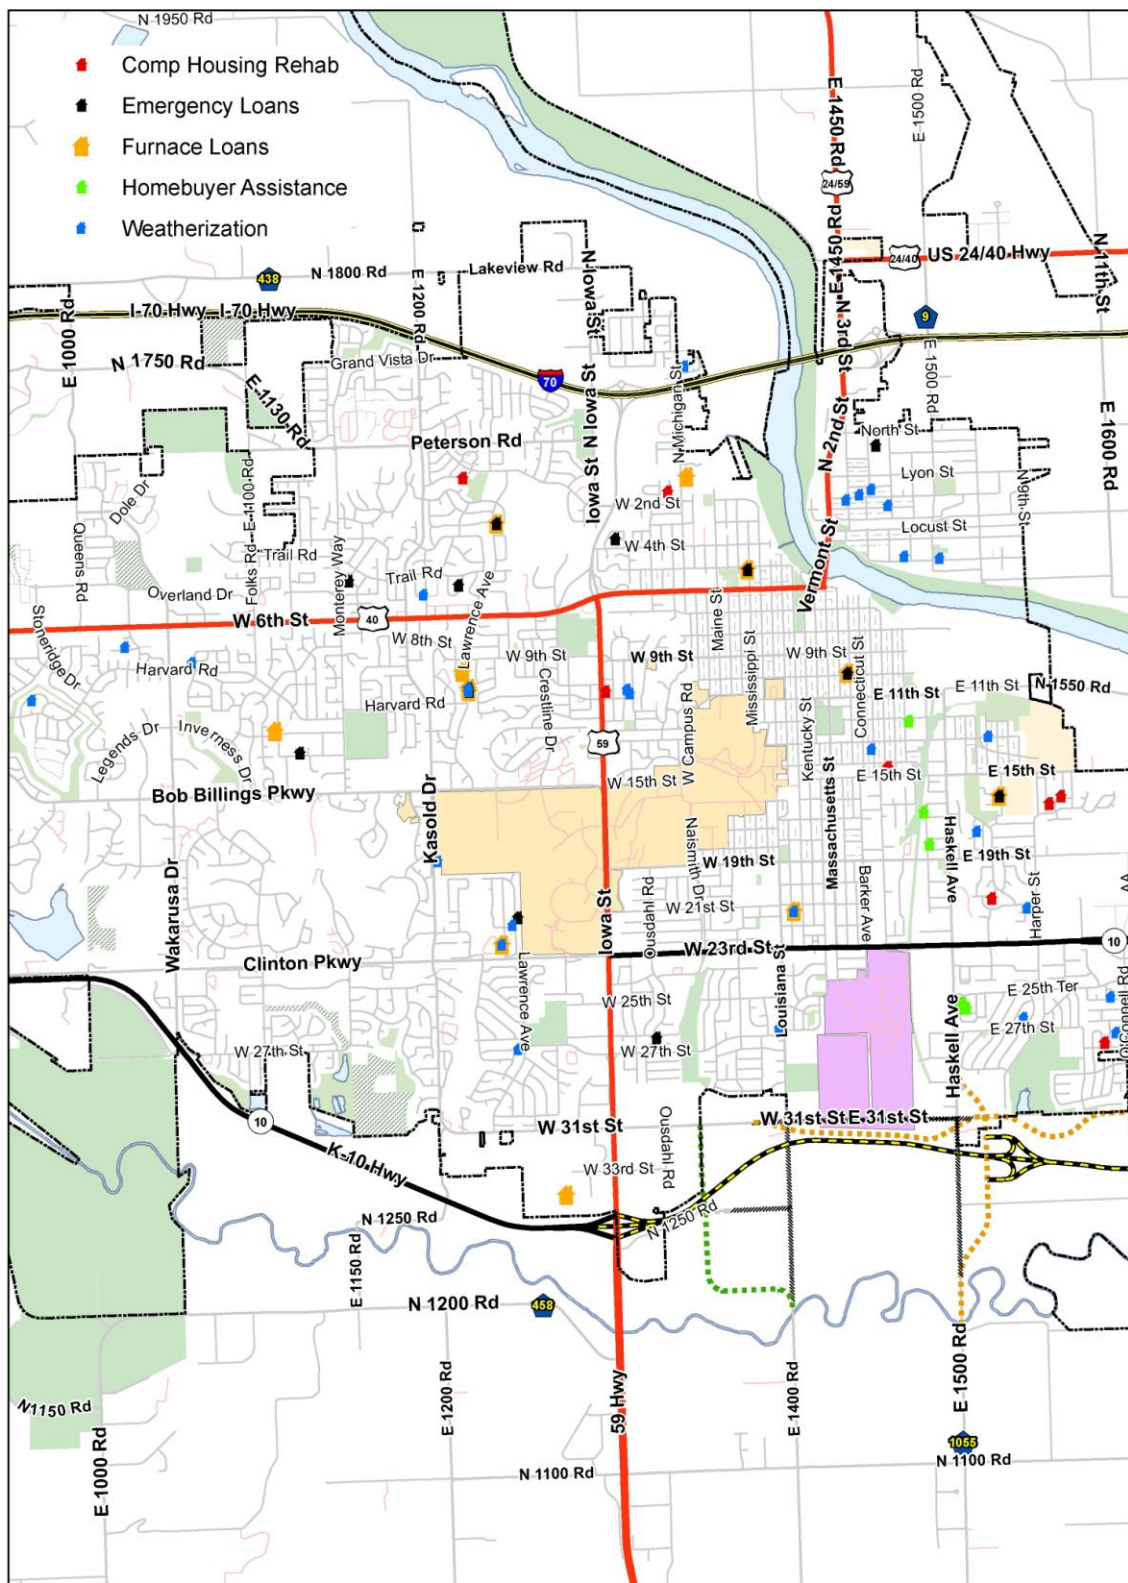

First Time Homebuyer Programs include:

Homebuyer Assistance (HOME-funded) provide down payment and closing costs payments up to \$25,000.00 for First Time Homebuyers purchasing homes in the Lawrence Community Housing Trust.

Land Trust Rehab (CDBG-funded) is the repair of homes to meet the Property Rehab Standards for the Lawrence Community Housing Trust First Time Homebuyer program.

Capital Improvements (CDBG-funded) this year included the Public Works Sidewalk Gap Program and the Storm water improvement project on Ridge Court. Public Agency capital improvements included the Boys and Girls club driveway entrance repairs and North Lawrence Bus Stop pad.
