Re: Certificate of Proper Recycling and/or Destruction of Material

The memorandum between City of Lawrence and MRC Recycling acknowledges a mutual understanding specific to this Certificate of Proper Recycling. MRC Recycling hereby understands and agrees to be bound to this certificate as it relates to the acquisition of hardware, asset Management, disposal covenants, and erasure of data containing devices with third party certified Department of Defense compliant software. MRC Recycling agrees it shall recycle any components received from City of Lawrence hereunder in accordance with all applicable ordinances, laws, rules, or regulations of any governmental authority having jurisdiction over such matters. MRC Recycling hereby agrees to defend, indemnify, and hold City of Lawrence harmless from and against all loss, cost, liability, or expense of any nature (including, without limitation, reasonable attorney fees and court costs) incurred or suffered by City of Lawrence arising out of any claim, demand, or cause of action asserted by any party to the extent that such claim, demand, or cause of action arises out of, or is caused by the failure of MRC Recycling to properly perform the obligations set forth. The foregoing shall include, without limitation, defense and indemnification of City of Lawrence against any environmental claim, which shall mean any third party (including private party, governmental agency, or employee) action, lawsuit, claim, or proceeding relating to the computer components delivered to MRC Recycling hereunder which seeks to impose liability against City of Lawrence for (i) pollution or contamination of air, surface water, groundwater, or land; (ii) solid, gaseous, or liquid waste generation handling, treatment, storage, disposal, or transportation; (iii) exposure to hazardous or toxic substances, or (iv) noncompliance with any environmental law or regulation promulgated by any federal, state, or local regulatory or administrative agency, board, or authority, including, but not limited to, compliance with the Clean Air Act, The Clean Water Act, The Resource Conservation Recovery Act ("RCRA"), The Comprehensive Environmental Response Compensation and Liability Act, and the Toxic Substance Control Act.
