FROM: Brad Allen, Executive Director, Lawrence Public Library

RE: Invoices for Temporary Library Relocation

We have received invoices from BA Green Construction for work done at the temporary library location in January 2013. The scope of the work was to create temporary walkways to connect the modular offices to one another and to the main building. Also, work was done on concrete trailer tie-downs.

There are two invoices for \$9201.50, one for work relating to each of our modular offices. BA Green completed the work as specified, and we are pleased with the outcome. I ask that the City pay these invoices from bond proceeds from the library project. Thank you for your consideration.
