Re: New Hampshire Lane Closure

I would like to respectfully request that we are allowed to keep the north bound lane of traffic closed on New Hampshire, from the crosswalk in front of LAC, North to the intersection of 9th and New Hampshire for the duration (remainder) of the project or until December 31st, 2014 (whichever comes sooner). With this the South bound lane will be open for traffic with the parallel parking in front of 901 bagged for emergency vehicles.

We ask that we be allowed for this transition be approved and allowed to be in place at the end of March.

We also agree to open the North bound lane additionally to accommodate LAC activities as previously discussed and agreed to by Susan Tate, Director of the Lawrence Arts Center. The agreed dates are per previous emails between all parties.

Please let me know if you have any questions.

Thank you ,

Brandon Rapp
