

Project No. 10-23 KA-3634-01

## PUBLIC INFORMATION OPEN HOUSE

**Tuesday, March 31, 2015 • 5:00 p.m. to 7:00 p.m.**  
**Southwest Middle School, 2511 Inverness Drive, Lawrence, KS 66047**

Please join the Kansas Department of Transportation to learn more about the K-10 West Leg South Lawrence Trafficway (SLT) Concept Study and provide input on preliminary improvement options.

Stop by anytime this evening to speak with the study team. There will be no formal presentation.

If you have questions or need special assistance at the open house please contact Kelsey Heavin at 816-527-2468 or [kheavin@hntb.com](mailto:kheavin@hntb.com)

The study will assess existing and future traffic and safety needs on this section of K-10 and identify a preferred 4-lane access controlled freeway concept that provides a safe and reliable solution. The purpose of this study is to:

- Provide a corridor solution that is safe and meets demand and driver expectations.
- Evaluate interchange and intersection locations through the corridor to provide safe and efficient access with consideration for the local street network.
- Re-evaluate the environmental impacts associated with the preferred alternative.
