Media Release-Update

LAWRENCE, KS – The Lawrence Douglas County Fire Medical Department has completed the coroner scene investigations and the information has been forwarded to the coroner's office, Frontier Forensics in Topeka, KS. Autopsy results will not be available until next week.

Occupational Safety and Health Administration (OSHA) has performed its onsite inspection of the industrial accident which is still under investigation. The Environmental Protection Agency (EPA) and Kansas Department of Health and Environment (KDHE) have also been notified.

The Lawrence Police Department will be the point of contact for any further media release updates.
