

**HISTORIC RESOURCES COMMISSION  
AGENDA MEETING- SEPTEMBER 15TH 2011--6:30 PM  
ACTION SUMMARY**

---

Commissioners present: Arp, Tuttle, Foster, Wiechert, Meyer, Williams, Quillin  
Staff present: Braddock Zollner, Parker, Nicoletta

---

**ITEM NO. 1: ACTION SUMMARY**

**ACTION TAKEN**

Motioned by Commissioner Williams, seconded by Commissioner Arp, to approve the July 21<sup>st</sup>, 2011 Action Summary.

Motion carried unanimously, 7-0

**ITEM NO. 2: COMMUNICATIONS**

- a) Ms. Braddock Zollner stated she received communication from Sven Alstrom and also a response letter from Mr. McCullough, Planning and Development Services, addressed to Dennis Brown, Lawrence Preservation Alliance in regards to the State Law review process and the Architectural Review Committee's function.
- b) Commissioner Williams stated he previously had a client relationship with the 646 Illinois street property owner, and 744 Mississippi street property owner.

**ITEM NO. 3:** DR-4-49-11, DR-7-103-11, PDP-7-1-11 1043 Indiana; Relocation and New Construction, Rezoning, and Development Plan; Certified Local Government Review. The property is in the environs of the Oread Historic District, National and Kansas Register of Historic Places. Submitted by Paul Werner Architects for Triple T LLC, property owner of record.

**STAFF PRESENTATION**

Ms. Nicoletta presented the item.

**APPLICANT PRESENTATION**

Mr. Werner stated he submitted new elevation plans. He said the project was an environs review with no line of site and 1043 Indiana was not a listed property. He said it was reasonable to move the structure rather than demolish it. Mr. Werner stated there was not enough space to move the structure to the south. He said the Planning Commission had approved the project 8-0 and the City would gain a new alley and storm water improvement on Mississippi Street and on Tenth Street. Mr. Werner stated the environs do not exist. He said the historic district goes east down the hill, and the structure at 1043 Indiana could not be seen from the edge of the historic district. He said the structure would have a commercial appearance with a lot of glass. Mr. Werner stated the property owner would not be eligible for state tax credits. He said the alternative plan submitted by the Lawrence Preservation Alliance would not work due to the plan being short on parking spaces and there were setback issues. Mr. Werner stated the area was residential and the historic district was to the east of the

property and directly west of the historic district on Louisiana Street was a 1980's apartment building. Mr. Werner displayed photos of three story apartments surrounding the project. He said the Oread Historic District would not change if the structure moved to the north and by moving the structure it would add to the historic environs and would add to the street scape. He stated the decks on the structure would add to the residential feel. Mr. Werner stated the project was an environs review and urged the Commission to approve the project.

Commissioner Wiechert asked Mr. Werner why the structure was boarded up.

Mr. Werner stated the property owner was asked by the City Fire Department to board the structure to keep the area safe. He said cars routinely park on the property during football games.

Commissioner Wiechert asked Mr. Werner if the property owner had a plan to list the structure on the National Register of Historic Places.

Mr. Werner stated there was no plan to list the structure.

### **PUBLIC COMMENT**

Dennis Brown, Lawrence Preservation Alliance said the City had an agreement with the State that allowed the Historic Resources Commission to perform state law review. He said there were guidelines to help the Commission make an interpretation of the review. Mr. Brown stated the Commission's goal was to determine if the proposed project damages the listed property and he read a portion of the guidelines. He stated the foundation of the structure did not need to be replaced and the structure could be listed on the States Historic Register. Mr. Brown said the residential nature of the environs was damaged but to date 1043 Indiana street was not. He said staff had found the proposed structure to be too large in mass and scale and compared the structure to the Oread Hotel and residence halls. Mr. Brown stated if the structure was moved it would damage the environs. He said the Historic Resources Commission was an advisory to the City Commission.

Gwen Klingenberg, President of Lawrence Association of Neighborhoods, stated the Planning Commission voted to approve the project but was not implying how the Historic Resources Commission should vote. She stated the structure was not listed on the State Historic Register but it could be. Ms. Klingenberg stated LAN felt the structure's historic nature on the corner established the image for the neighborhood and established the identity of the neighborhood. She said if the structure was moved it could force demolition.

Stan Hernly stated the Commission was to review the environs of the Oread Historic District. He said the staff report was very detailed and excellent. Mr. Hernly displayed photos in the area of the structure and stated the structure was on the corner, which is a character defining feature of the environs and the historic district. He said three of four properties that were in the area in 1927 were still there and if the structure was moved it would damage the environs.

Mr. Werner stated the structure was not a listed structure and it would not be listed by the property owner. He said 60% of the environs did not exist in the area and a four story building was allowed in the RM32 district. He said the state confirmed with a letter the structure could potentially be listed after it was moved to the north. Mr. Werner stated the entire Historic District had been damaged.

## **COMMISSION DISCUSSION**

Commissioner Meyer said she did not think the issue of listing the property was relevant. She said the issue was if the structure was moved would it damage the environs. Commissioner Meyer asked Staff to explain the issue of the line of site of the environs.

Ms. Braddock Zollner stated the guidelines state the proximity of the environs could be taken into consideration. She said in Chapter 22, under local review, line of site was more specific and referred to.

Commissioner Wiechert asked how large the environs were in the area.

Commissioner Meyer asked if the structure was a character defining feature of the environs.

Commissioner Williams said the environs were a historic area. He said the RM32 district did not endorse a 100 bedroom multi family structure.

Commissioner Foster asked Staff to explain the issue of the RM32 zoning.

Ms. Braddock Zollner said the area all around the structure was zoned RM32. She stated RM32 zoning was the highest residential zoning within the City and it was appropriate to have high density zoning around the Kansas University area.

Commissioner Foster said the issue was if moving the structure would damage the environs.

Commissioner Wiechert said he did not believe the environs would be damaged if the structure was moved.

Commissioner Quillin said the structure itself was the character defining feature of the corner.

Commissioner Williams said the proposed project would make a significant difference to the historical property.

Commissioner Meyers stated the issue was if moving the structure would damage the environs.

## **ACTION TAKEN**

Motioned by Commissioner Williams, seconded by Commissioner Tuttle, to deny the project at 1043 Indiana Street, based on the supporting documentation in the staff report, and the standards of the secretary of interior.

Motion carried, 5-2 Foster and Wiechert

## **ACTION TAKEN**

Motioned by Commissioner Meyer, seconded by Commissioner Wiechert, to approve the rezoning at 1043 Indiana Street, based on the supporting documentation in the staff report and the following condition:

1. Any changes to the approved plans should be resubmitted to the Historic Resources Commission prior to the commencement of any related work.

Motion carried unanimously, 7-0

**ITEM NO. 4:** DR-7-95-11 646 Illinois Street; House Addition and New Garage Construction; Certified Local Government Review. The property is in the environs of the Old West Lawrence Historic District, National Register of Historic Places, the Witter McCurdy House (909 W 6<sup>th</sup> St), National and Lawrence Register of Historic Places and the John Robert Greenlees House (714 Mississippi), Register of Historic Kansas Places. Submitted by Mike Myers of Hernal Associates for Ben Eggleston, property owner of record.

**STAFF PRESENTATION**

Ms. Nicoletta presented the item.

**APPLICANT PRESENTATION**

Mike Myers stated the two story garage addition was replacing a 1990's garage. He said a bedroom would be added on the second floor.

**PUBLIC COMMENT**

There was no public comment.

**COMMISSION DISCUSSION**

Commissioner Wiechert stated he agreed with the staff recommendation.

Commissioner Foster asked Ms. Braddock Zollner if an addition to the structure would prevent the property from being listed on the State Historic register.

Ms. Braddock Zollner said the 1990 addition compromised the structure. She said the applicant was aware the addition could keep the property from being listed on the National Register.

Commissioner Williams stated the architectural style of the structure was more common on the east coast. He said the addition was done with sensitivity and architectural flare and was a distinct property in the neighborhood.

Ms. Braddock Zollner stated the overall size of the garage structure should be minimized.

**ACTION TAKEN**

Motioned by Commissioner Foster, seconded by Commissioner Quillin, to approve the project at 646 Illinois Street, with the following conditions as listed in the staff report:

1. The applicant work with the Architectural Review committee to reduce the overall size, scale and massing of the garage addition;
2. Any changes to the approved project will be submitted to the Historic Resources Administrator prior to the commencement of any related work.

Motion carried unanimously, 7-0

**ITEM NO. 5:** DR-08-128-11 744 Mississippi Street; New Residential Construction; Certified Local Government Review. The property is in the environs of the Old West Lawrence Historic District, National Register of Historic Places and the John Robert Greenlees House (714 Mississippi St), Register of Historic Kansas Places. Submitted by Katie Nichols of Sabatini Architects for Shane and Allison Lopez, property owners of record.

**STAFF PRESENTATION**

Ms. Nicoletta presented the item.

**APPLICANT PRESENTATION**

Katie Nichols said the garage height would be revised and the retaining wall would be lowered with a wood privacy fence above the wall. She said there was a retaining wall on the neighbors' property to the north and proper drainage would be needed. Ms. Nichols stated the shutters would be stationary and made of wood.

Betty Alderson asked if the retaining wall would be on the north side of the property.

Commissioner Williams stated the retaining wall would be built on the north side of the property.

**PUBLIC COMMENT**

There was no public comment.

**COMMISSION DISCUSSION**

Commissioner Meyer asked Ms. Braddock Zollner if the changes would be acceptable.

Ms. Braddock Zollner stated the changes were acceptable. She said changing the retaining wall with a wood fence above it was typical of old west Lawrence.

**ACTION TAKEN**

Motioned by Commissioner Meyer, seconded by Commissioner Williams, to approve the project at 744 Mississippi Street, with the following recommendation as listed in the staff report:

1. The height of the garage and residence structure be brought to comply with city code;
2. The height of the retaining wall be brought down;
3. The overall size and massing of the garage be reduced to an appropriate size for the neighborhood.
4. Final construction documents with material notations will be submitted and approved by the HRA prior to the release of the building permit.
5. Staff will be allowed to photograph before, during and upon completion of the project.
6. Any changes to the approved project will be submitted to the Historic Resources Administrator prior to the commencement of any related work.

Motion carried unanimously, 7-0

**ITEM NO. 6:** DR-8-129-11 925 Delaware Street; House Addition; Certified Local Government Review. The property is in the environs of the East Lawrence Industrial Historic District, National Register of Historic Places. Submitted by Struct/Restruct, LLC for Robert Krause, property owner of record.

**STAFF PRESENTATION**

Ms. Nicoletta presented the item.

**APPLICANT PRESENTATION**

Eric Jay, Struct/Restruct, stated the home was very small and he proposed to add two bedrooms and a bath. He said the addition would be approximately 600 square feet with a full size basement below the addition. He stated the roof and siding would be metal material. Mr. Jay displayed photos of materials to be used and homes in the area with similar material. He said structures on Delaware street sit at least eight feet above the road.

**PUBLIC COMMENT**

KT Walsh said she agreed with the staff report. She said it was critical to keep the scale of the homes in the block small.

Mr. Jay stated the addition would connect to the original structure by a connector that would be five feet wide. He said the scale of the original structure was intact.

Dennis Brown, Lawrence Preservation Alliance, said the district was industrial. He said he agreed with the staff report that stated the light well was too tall. He asked for the applicant to work with the Architectural Review Committee.

Matt Jones, Struct/Restruct said the design proposal fortified the history of the original structure.

**COMMISSION DISCUSSION**

Commissioner Meyer stated she agreed with the staff report that stated the light well was too tall and would like to see the applicant work with the Architectural Review Committee.

Ms. Braddock Zollner stated metal was not a typical material for siding.

Mr. Jay said the vinyl siding would be taken off to expose the original wood siding on the original structure.

Ms. Braddock Zollner said the material for the new addition should be more compatible with the area structures.

Commissioner Williams stated the material was more abstract but tied to the industrial nature of the neighborhood.

Commissioner Meyer stated the Commission did not want to create precedence.

**ACTION TAKEN**

Motioned by Commissioner Williams, seconded by Commissioner Foster, to approve the project at 925 Delaware Street, with the following conditions as listed in the staff report:

1. The applicant work with the Architectural Review Committee to revise the light well feature to a compatible scale.
2. The siding material will not be metal and will be approved by the Architectural Review Committee.
3. Staff will be allowed to photograph before, during and upon completion of the project.
4. Any changes to the approved project will be submitted to the Historic Resources Administrator prior to the commencement of any related work.

Motion carried unanimously, 7-0

**ITEM NO. 7** 8<sup>th</sup> and Pennsylvania Urban Conservation Overlay District

- 7a** DR-8-136-11 Text Amendment to *The Design Guidelines 8<sup>th</sup> and Penn Neighborhood Redevelopment Zone*; Certified Local Government Review and 8<sup>th</sup> and Pennsylvania Conservation Overlay District Review. The Lawrence City Commission initiated this text amendment on August 9, 2011.

**STAFF PRESENTATION**

Ms. Braddock Zollner presented the item.

**APPLICANT PRESENTATION**

There was no applicant presentation.

**PUBLIC COMMENT**

KT Walsh, East Lawrence Neighborhood Association President, stated she supported the text amendment for the 8<sup>th</sup> and Pennsylvania redevelopment.

**COMMISSION DISCUSSION**

Commissioner Foster asked what the extra height added to the roof would be used for.

Tony Krsnich, East Lawrence Historic Partners, stated the extra height of the structure would be used to add a 60 watt solar panel on top of the roof. He stated the solar panel would not be seen from the street below.

**ACTION TAKEN**

Motioned by Commissioner Meyer, seconded by Commissioner Tuttle, to approve the text amendment for the 8<sup>th</sup> and Pennsylvania redevelopment.

Staff recommends that the Commission forward a recommendation for approval to the Lawrence City Commission for the proposed amendments to The Design Guidelines 8<sup>th</sup> and Penn Neighborhood Redevelopment Zone as outlined in this staff report and the attached The Design Guidelines 8<sup>th</sup> and Penn Neighborhood Redevelopment Zone document.

Motion carried unanimously, 7-0

- 7b** DR-08-118-11 619 E 8<sup>th</sup> Street; Site Plan; Certified Local Government Review and 8<sup>th</sup> and Pennsylvania Conservation Overlay District Review. The property is a contributing structure to the East Lawrence Industrial Historic District, National Register of Historic Places and is located in the 8<sup>th</sup> and Penn Urban Conservation Overlay District. Submitted by Darron Ammann of Bartlett & West Inc., for the property owner of record.
