Benefits to Business

Reduce, Reuse, Recycle!

Your company's commitment to the environment will give you strategic advantages in marketing and public relations, and achieve cost reductions through improved resource usage: There are several publications and programs available to help you audit, prevent, and reduce your waste.

EPA WasteWise Program

WasteWise is a free, voluntary EPA program through which organizations eliminate costly municipal solid waste and select industrial wastes, benefitting their bottom line and the environment. WasteWise members can join as partners, endorsers, or both.

www.epa.gov/wastewise

Kansas SBEAP

Small Business Environmental Assistance Program

Provides small businesses technical assistance to achieve environmental regulatory compliance. Services are confidential and free of charge.

www.sbeap.org • 1-800-578-8898

Environmental Excellence Business Network

The Environmental Excellence Business Network (EEBN) is a network of environmental professionals and business people who all share a common goal: making sustainable business decisions that protect our natural resources AND make good business sense.

www.eebn.net

Product Stewardship Institute

The Product Stewardship Institute is a national non-profit membership-based organization that works with state and local government agencies to partner with manufacturers, retailers, environmental groups, federal agencies, and other key stakeholders to reduce the health and environmental impacts of consumer products.

Hazardous Waste Disposal for Conditionally Exempt Small Quantity Generators and Kansas Small Quantity Generators

The Lawrence Waste Reduction & Recycling Division assists Conditionally Exempt Small Quantity Generator and Kansas Small Quantity Generator (CESQG and KSQG) businesses with proper and affordable disposal of hazardous waste. Call **832-3030** for your waste inventory and disposal cost estimate.

A CESQG is a business that generates less than 55 pounds of hazardous waste, or less than 2.2 pounds of acutely hazardous waste in a calendar month. A KSQG business generates between 55 pounds and 220 pounds of hazardous waste, or less than 2.2 pounds of acutely hazardous waste in a calendar month. Don't know your hazardous waste generator status? Call the Kansas Department of Health & Environment at 842-4600.

Hazardous materials accepted include: paint, pesticides, thinners and other solvents, adhesives, industrial use cleaners, automotive products, batteries, aerosols, fluorescent and other mercury containing lamps, photographic chemical.

Hazardous materials NOT accepted: asbestos, ammunition, explosives, infectious waste (medical waste), radioactive waste, unknown materials (no labels).
